

Merchant Securities plc (“Merchant Securities” or “the Company”)
Interim Results for the six months ended 30th September 2007

INTERIM REPORT TO SHAREHOLDERS

The board of Merchant Securities PLC is pleased to announce its financial results for the six months to 30 September 2007.

HIGHLIGHTS

- Turnover up 10% to £2.11m (2006: £1.92m)
- Gross profit up 7% to £1.90m (2006: £1.78m)
- Net profit before tax: £90,905 (2006: £302,740)
- Cash generated from operating activities of £179,010
- Net assets up by £41,294 since 31st March to £5,327,236
- Cash and cash equivalents up by £161,388 to £2,275,026
- Total funds under advisory management increased by 13% to £124 million
- New office opened in Manchester
- Launch of CFD business
- Senior appointments made across all areas of the business
- Significant development post period end with the acquisition of John East & Partners Limited group for £4.9m and an associated placing to raise £1.5m.

Commenting on the results for the six months Tony Fabrizi, Group Chief Executive, said, “The first half of the financial year has seen the business develop in accordance with our stated ambition of building a high quality broadly based financial services company. We have focused our attention on improving the quality of our services and have invested heavily both in terms of our systems and people. This investment is continuing and we anticipate completing significant systems changes across our business in the second half.”

“We have also expanded our areas of activity with the acquisition of the John East & Partners Limited group (“JEP”), which is already proving itself an excellent strategic fit. Since the acquisition in October, JEP has completed three transactions and is currently acting on a number of transactions which are anticipated to close in the first quarter of 2008.”

“We will continue to seek out opportunities to expand our business further and also intend to increase our range of services within the current operations.”

“We expect market conditions to remain volatile in the second half of our financial year, but, as long as these do not prevent us from completing what is a strong pipeline of business, we expect to produce a satisfactory profit outcome for the year.”

NOTES
Note 1 – Accounting policies
Basis of preparation

The consolidated interim financial information has been prepared in accordance with IAS 34 'Interim Financial Reporting'. These policies are in accordance with International Financial Reporting Standards (IFRS) as endorsed by the European Union. Comparatives for the period to 30th September 2006 have been restated in accordance with IFRS. The Company's transition date to IFRS was 1st April 2006 being the first day of the comparative year to 31st March 2007, and accordingly the interim financial report and the comparative information have been prepared using accounting policies consistent with IFRS. The disclosures required by IFRS 1 concerning the transition from UK GAAP to IFRS along with the IFRS standards and interpretations that have not been adopted early by the group are presented in the Group's consolidated financial statements for the year ended 31st March 2007.

The interim financial statements have been prepared on the basis of the accounting policies as stated in the consolidated financial statements for the year ended 31st March 2007. The interim financial statements should be read in conjunction with those audited financial statements for the year ended 31st March 2007.

The financial information set out in this interim statement is unaudited and does not constitute statutory accounts within the meaning of Section 240 of the Companies Act 1985.

The statutory accounts for the year ended 31st March 2007, which were prepared under IFRS, have been delivered to the Registrar of Companies. The auditors of the Group, Horwath Clark Whitehill LLP, reported on those accounts: their report was unqualified and did not contain a statement under either Section 237 (2) or Section 237 (3) of the Companies Act 1985.

(CONTINUED)**

Note 2 – Basis of consolidation

The financial information incorporates the results of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an investee entity so as to obtain benefits from its activities.

As stated in the audited financial statements for the year ended 31st March 2007, the Company purchased the entire share capital of Merchant Securities Holdings Limited ("MSHL") in October 2006 by issuing new shares to MSHL's shareholders. As a result, the former shareholders of MSHL became the majority shareholders of the Company, owning 86% of the newly increased share capital, and the executive managers of MSHL replaced the Company's previous management. In substance, therefore, MSHL acquired MSPLC by a reverse takeover. IFRS 3 prescribes the application of reverse acquisition accounting as the basis of consolidation. The restated comparative figures for the period ended 30th September 2006 are therefore those of MSHL.

All intra-group transactions, balances, income and expenses have been eliminated on consolidation.

Note 3 – Revenue and gross profit by segment

The Group's results for the period ended 30th September 2007, all of which were generated within the United Kingdom, can be analysed by product as follows:

Note 4 – Taxation

Taxation disclosed in the Consolidated Income Statement represents an estimate of the sum of corporation tax currently payable, any adjustments to previously disclosed corporation tax, and deferred tax income and charges.

The corporation tax currently payable is based on the estimated taxable profit for the period. Taxable profit differs from net profit or loss as reported in the Consolidated Income Statement because it excludes items of income and expense that are taxable or deductible in other periods and it further excludes items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(CONTINUED)**

The tax charge is based on the results for the period of ordinary activities and movement in deferred tax.

Note 6 - Dividend

The directors do not propose payment of an interim dividend.

Note 7 – Acquisition of East Worlidge Holdings Limited

On 9th October 2007, Merchant Securities acquired the entire issued ordinary share capital of East, Worlidge Holdings Limited (“EWH”) for a consideration of £4.9 million, of which £2.3 million was settled in cash and the remaining £2.6 million was settled by the issue of 7,428,571 new ordinary shares of 10p in the capital of the Company. The cash consideration will be adjusted to the extent that EWH’s final agreed net current assets exceed, or fall short of £900,000. EWH is the holding company for John East & Partners Limited (“JEP”). The company is in the process of determining the fair value of net assets acquired. JEP is a member firm of the London Stock Exchange, specialising in providing corporate finance advice and raising capital for smaller public companies and companies seeking a public listing. It is intended that JEP will continue as a separate commercial entity operating in an ordinary course of business.
